Technical Skills

- **Programming Languages, Libraries & Databases**: Python, SQL, MySQL, Numpy, Pandas, Matplotlib, Seaborn

- **Visualization Tools**: Power BI, Excel

- **Other Skills**: Power Query, DAX, Project Management, ETL, Business Insights, Data Warehousing, Customer Acquisition, Client Requirements, Macros, Presentation

Soft Skills

Analytical Thinking | Good Communication | Collaborator | Quick Learner | Adaptable

Achievements & Certificates

- **Accenture Data Analytics and Visualization Virtual Experience** – Accenture

- **Pwc Switzerland Power BI Virtual Experience** - Pwc Switzerland

- **Data Analysis using Advanced Excel** - SimpliLearn | Skillup

Academic Details

- **Bachelor of Science in Mathematics (B. Sc Mathematics)**
  Chaudhary Charan Singh University, Meerut (PASSOUT-2022)

Personal Details

Date of Birth: 12th Jan 2001
Languages Known: English, Hindi
Address: Delhi, India

Profile Summary

- **AI-enabled** Data Analyst skilled in **SQL, Power BI, Python** and **Excel** with expertise in data visualization and predictive analytics. Experienced in analyzing large datasets and creating interactive dashboards that enhance decision-making and streamline processes. Skilled in leveraging **AI tools** and to deliver actionable insights and optimize business performance. Proactive problem-solver with a strategic mindset, adept at delivering actionable insights that drive business growth.

Work Experience

DATA ANALYST INTERN   **Aug 2024 – Present**

TECHNOHACKS   Nashik, Maharashtra

- Developed interactive Power BI dashboards and reports to support data-driven decisions, **reducing decision-making time by 25%.**
- Conducted performance monitoring and fine-tuning of Power BI dashboards to enhance user experience and report efficiency.
- **Analyzed over 500k rows of data** using Power Bi, SQL & Advanced Excel leading to a **decrease in processing time by 20%.**

DATA ANALYST INTERN   **July 2024 – July 2024**

ACCENTURE   India

- Gathered reporting requirements from stakeholders and designed intuitive Power BI and Excel dashboards to meet business needs.
- Created interactive dashboards and real-time reporting using Power Query, DAX enabling stakeholders to make data-driven decisions faster.

DATA ANALYST INTERN   **Dec 2023 – Feb 2024**

INEURON   Bengaluru, India

- Created in-depth analytical reports using advanced Excel, Power BI & SQL to streamline business operations and **reduce manual efforts by 2 hours.**
- Connected Power BI to multiple data sources, including MYSQL Server, to create comprehensive visualizations and streamline data processes.

DATA ANALYST INTERN   **Sep 2023 – Oct 2023**

PWC SWITZERLAND   Bengaluru, India

- Built dynamic Power Bi dashboards for executive management using DAX & Power Query, focusing on (KPIs) & business metrics to facilitate strategic decisions.
- Addressed complex data visualization challenges in Power BI, providing solutions that met detailed stakeholder specifications **reducing resolution time by 15%.**

Projects

CUSTOMER CHURN RISK ANALYSIS | Tools: Excel, SQL, Power BI

- Developed interactive Power BI dashboards enhancing strategic decision-making with dynamic visualizations using Power Query, DAX that **reduced data trend identification time by 20%**.
- Streamlined data modeling and cleaning processes, reducing preparation time by 25% and **boosting data accuracy by 15%.**

IMDB MOVIES ANALYSIS | Tools: Excel, SQL

- Developed and optimized complex SQL queries to extract actionable insights from the movie database, **improving data retrieval speed by 20%.**
- Created detailed reports using SQL aggregations and joins, leading to a **25% improvement in decision-making processes.**
